## UKMi Information

## Information

### Welcome to the UK Medicines Information website.

This site is designed to support the UKMi network. It hosts our strategy, policies, clinical governance standards and training materials, together with minutes of meetings of the UKMi Executive and its working groups.

UKMi resources to support medicines management initiatives are hosted by the National electronic Library for Medicines (NeLM).

Resources for the public can be found at [NHS Direct](#).

For UK health professionals, click on the map to search for your local medicines information centre.
